AGAINST PROPOSAL FOR DOUBLE PARLEY

U. S. Frowns on British Suggestion of Taking up Far Eastern Issues

TO CONSIDER ALL

Confident As To Entry of Japan Into Conference —Views of Japanese are Given

Washington, July 14.—Suggestions officially but informally made, that the disarmament conference called by President Harding to meet in Washington be preceded by a preliminary parley in London or elsewhere, as suggested by Great Britain, for the purpose of arriving at an understanding regarding Pacific problems, are not favorably entertained by this Government.

This was learned yesterday following the announcement that Italy had formally and cordially accepted the conference proposal in a communication received by the State Department, Great Britain and France already had signified their acceptance of the invitation. Japan and China alone remain to be heard from.

For many reasons the Washington Government does not look with favor upon a double barreled disarmament conference, a preliminary session to deal with one phase of the matter and a final session with another. The foremost thought is that the first might easily prejudice and embarrass the second, rendering the whole proceeding valueless.

Then, too, it is the view of American officials that the issues involved are of a character demanding consideration as a whole. Before disarmament may be brought about, it is pointed out, the causes which move nations to arm themselves must be measurably removed. There must be complete reassurance that future friction between the military and naval powers is to be avoided before such powers will consent to limit their armaments.

This, it is explained, is the controlling reason why the Far Eastern question was brought into the conference. And because of the immediate relations of such questions to the proposal that the powers disarm themselves, this Government feels that it would be wiser to consider them all at once rather than at separate sittings of statesmen.

The fact that neither Japan nor China has indicated, formally or informally, its willingness to participate in the conference is not regarded by the State Department as significant. There has been some delay in transmitting the invitation to the Peking government, it was suggested yesterday, which may account for the failure of the Chinese to respond.

With regard to Japan, it is the conviction of American officials that she will come in due time and no impatinece is felt as to the delay in acknowledging the President's invitation. It is quite understood by State Department officials that the Japanese, having a great deal at stake, will want to consider carefully all phases of the matter before announcing a decision.

The present point of view of the Japanese Government toward the whole proceeding is: In first place the Japanese, if they participate, will do so with certain mental reservations, even though no communicated reservations are laid down in advance.

The plain reason for this is the serious distrust in the mind of Tokio as to the purpose of bringing the Pacific problems into a disarmament conference, plus the decision to invite Chinese participation. Japanese statesmen are not sure that this is not a trap set for them by the occidental powers—a scheme to embarass them before the world should it be found that Japan is in disagreement with the conclusions the conference may reach.

It was learned yesterday that Japan received its invitation to the conference in two installments. The

Old Dominion Boat Club Adopts New Constitution And By Laws

The Old Dominion Boat Club last night at its meeting elected ten new members bringing the total active membership of this club up to 186, the largest in the history of the club.

New members elected follow: J. C. Bramell, L. W. Corbett, T. E. McDonough, W. E. Pierpoint, Albert J. Poss, Everette J. Pohl, Louis B. Poss, J. E. Ross, Paul Simpson and W. Everett Swan, Jr.

Announcement was made that this club has practically completed the financing necessary for the purchase of the property of the Norfolk and Washington Steamboat Company which it recently acquired This property is the old ferry slip at the foot of King street.

The committee in charge of the revision of the constitution and by laws completed its report and it was decided to have same printed and distributed to its members by August 1.

STILLMAN NOT TO DISPUTE EVIDENCE IN DIVORCE SUIT

Poughkeepsie, N. Y., July 14.—After half a dozen witnesses had testified today to intimate relations between James A. Stillman, wealthy New York banker and divorce plantiff, and Florence H. Leads, former Broadway show girl, the banker's counsel declared they would not dispute or contradict the evidence and asked Referee Gleason to rule that no further evidence be required as to these relations. Referees denied request after it had evoked protests from the lawyers representing Mrs. Anne U. Stillman, the defendant.

Colonel William Rand, of Mr. Stillman's counsel, was quoted as saying that "no occasion exists for adducing further proof except to satisfy a prurient public."

MRS. WILLIAM F. BROOKES DIES AFTER LONG ILLNESS

Mrs. Florence Powell Brookes, a well known resident, died shortly after 3 o'clock yesterday afternoon at the Alexandria Hospital after a long illness. The deceased was the wife of William Powell Brookes.

In addition to her husband she is survived by four children, Miss Esther Fowle Brookes and William Fowle Brookes, of this city; Mrs. William L. Packard, of Geneva, N Y., and A. Powell Brokes, of Baltimore

Her funeral will take place at 5.30 o'clock tomorrow afternoon from her late residence 701 Prince street. Services will be conducted by Rev. Percy Foster Hall, rector of St. Paul's Episcopal Church and Rev. Dr. S. A. Wallis, rector of Braddock Episcopal Chapel. Burial will be in Ivy Hill cemetery.

FORMER KAISER REFUSES TO PAY TAXES DUE DUTCH TOWN

Doorn, July 14.—The former German Emperor is ignoring the repeated demands for payment of his municipal taxes, on the plea that his stay here is involuntary, to which the municipality retorts that it has not the slightest objection to his departure.

William is daily becoming more unpopular. He cannot show himself in the roads without being hooted and jeered, whereas a few months ago he was regarded with pity or indifference.

GOVERNMENT PROFITS BY WORK OF CONVICTS

Washington, July 14.—Manufacture of mail sacks at the Atlanta Federal penitentiary is expected to net the government a profit of about $75,000, Attorney General Daugherty said yesterday. The profit, he said, would be above expenses, and the payment of a bonus to the prisoners engaged in the work.

Saying there was considerable opposition to prison made goods competing in the market with the products of union labor, Mr. Daugherty said he believed prisoners, should be given an opportunity to fit them selves to become better citizens upon attaining their freedom.

The marriage of Mrs. Estelle Wcomert and William K. McAbe, of York, Pa., took place July 11 at the parsonage of the M. E. Church South, and not June 11 as previously stated.

"HOOCH" SMUGGLERS ON JERSEY SHORE

"Mystery" Ship Believed to be Parent to Motor Boat Runners

REVENUE MEN BUSY

$18,000 Whiskies Seized on Truck at Ocean City on Way to Atlantic City —Liquor Floods Atlantic City

Atlantic City, July 14.—"Hooch" smugglers once more have the revenue men on the jump along the Jersey coast.

The "mystery ship" that for the past week has been prowling around off these beaches now is believed to be the parent ship following a flotilla of fleet motorboats disguised as fishing smacks employed in landing illicit liquor at isolated points within a 100 mile radius of this resort.

Capture yesterday of $18,000 worth of fine whiskies of foreign manufacture aboard a four ton truck as it pulled through Ocean city en route for Atlantic City, after having picked up the contraband stuff from a landing wharf at Wildwood, bears out suspicions of Coast Guards and revenue officials who have been on the alert for such smuggling for the past 10 days. A tip from Baltimore that the liquor hunners were headed this way from an island off Florida caused a doubling of the guards at points where the runners have been making their landings.

The booze seized yesterday was in charge of John G. Lefler, a Wildwood expressman. There were 150 cases, all of foreign make, aboard the truck. The haulers claimed ignorance of the contents of the cases, asserting they had been asked to pick it up from the fisheries landing near Wildwood and convey it to this city. The man who hired them was a stranger, they said.

A suspicious steamer has twice been sighted off this city during the past week, both times at night. The craft did not carry the usual lights prescribed in the maritime regulations, and refused to "speak" when signals were flashed by vessels she circled. Her speed was sufficient to wing around the fastest ships that sighted her, which led the revenue men to believe the mystery ship was the one to which their tip related.

Following an investigation at Wildwood today, the revenue men came to this city following out a clue. Later they boarded a cutter and started toward Cape May on the lookout for several of the auxiliary boats believed to be hovering between this city and the Cape, awaiting favorable opportunity to land their cargoes of wet goods.

The Federal men are convinced the "hooch' runners are directed by the same gang that for a time used the Atlantic City Inlet as a landing point and were tripped up when $50,000 worth of English liquors were seized in a bathhouse in the Inlet district.

Within the past week there has been more "good liquor" on tap around town than at any time for the past six weeks. Profits to the smugglers have not been so large, because buyers were wary of the stuff following the swindle put over by runners, who dumped job lots of "terrible stuff," as victims term it, about the city. Good liquor now is back to $12 a quart, a drop of $4 on the price prevailing for the past month, and there are not nearly so many takers.

FARMER SAVES HIS LIFE BY THROWING MAD BULL

Sewell, N. J., July 14.—Though he was pretty badly hurt for a while, Ralph Mills, a young dairy farmer, who recently settled near Mullica Hill, now is able to be up and about and is bearing gracefully the town toreador honors bestowed upon him following his encounter with an enraged bull. Mills was tossed and trampled by the animal, but he grappled and threw it with his hands as his only weapons before it was finally subdued with a shotgun.

While attempting to separate some cattle, Mills was chased by the bull, but, seeing he could not escape, the young farmer, who is somewhat of an athlete, faced the snorting creature, grabbed it by the horns and one of its forelegs and threw it. The bull regained its feet, however, before Mills could jump the fence and tossed him high in the air. A neighbor arrived with a shotgun at this juncture and saved the day.

DAVIS VISITS VIRGINIA GUARD AT CAMP MEADE

Camp Meade, Md., July 14.—Governor Westmoreland Davis, of Virginia, visited Camp Meade yesterday evening by automobile. He was out on the rifle range and waited over for the review.

He greeted the members of the Virginia National Guard, who are here for training, and declared that he was glad to be among them and to find them in such fine fettle.

NOT VERY STRICT LIMITING ALIENS

Commissioner Husband Hears Newspapers Not Sticking to Facts

USE OWN DISCRETION

Steamship Lines Held Responsible for Most of the Trouble—Cabin Passengers Held on New York Liners

Washington, July 14.—The new Immigration act is not being mercilessly enforced, according to W. W. Husband, Commissioner of Immigration, and the difficultie sthat have developed in the first weeks of the administration of the act are being rapidly removed. More than that, Mr. Husband said this evening that he was advised by Ellis Island that the newspapers have exaggerated the troubles at the port of New York.

"The law permits the department a measure of discretion which has been exercised where it was deserved." Commissioner Husband said. "The act went into effect June 3 and provided that not more than 3 per cent. of the number of nationals of a foreign country living here according to the census of 1910 should be admitted in one year. Not more than 20 per cent. of the nationals of a foreign country entitled to admission in one year shall be admitted in any one month. But we may issue temporary permits to excess nationals to land, and have done so.

"In June, the first month of the law there were more of the nationals of some countries applying for permission than could be allowed to enter, under the strict letter of the law. But as informatio nabout the law was not general, we permitted the excess of nationals applying to come in, and charged the excess against the quotas of the respective nations for the fiscal year that started July 1. To illustrate if we permitted 10 more nationals of a given country to come in during June than the law allowed we will take 10 off the number that may come in during the year beginning July 1.

"We have just had on our hands an excess number of persons from territories that used to be in the Turkish nation. There were only a few in the excess; they probably had no knowledge of the law that has been enacted when they started and it seemed hard and unjust to send them back over that great distance. So we let them come in, and charged the number of them against the Turkish quota for the new fiscal year.

"But that sort of thing cannot go on, because in some cases the quota for the new fiscal year might soon be used. I have no idea, however, that cause for it will continue. The steamship companies are responsible for part of the trouble so far, and they must prevent future trouble by co-operating and seeing that no more immigrants of each nationality are started for our shores than can be received under the law. No one else can do that. And I am glad to say that the steamship companies already have started to co-operate, and I think they will take care of that end of the situation.

"As to the Mauretania's passengers, about which a good deal has ben said, and written in the last few hours, I am advised by New York that all of her passengers who are entitled to land have landed, although the ship did not reach quarantine until last night. Everything considered, I think that is rather fast work. The trouble about the Mauretania started because there were some Englishmen on board who were not allowed to land at the same time as our own citizens and who were delayed a few hours until all provisions of the new law had been carried out.

"I have just had a telephone conversation with Ellis Island and I am told that the newspapers have exaggerated the situation."

Chicago, July 14.—Moissaye Boguslawski, Russian pianist, unable to practice because of the heat, procured a portable piano, planted it in a row boat and rowed out to practice in the lake.

Forty Injured

Hundred Plunged Into Bay as Portion of Boardwalk Falls at Chesapeake Beach

Washington, D. C., July 14.—Approximately 100 people were plunged into Chesapeake Bay last night when a portion of the board walk extending from the shore at Chesapeake Beach to the dancing pavilion suddenly gave way. Forty were injured, four seriously, in the crash.

No indication of danger was noticeable to the hundreds of pedestrians on the walk when a portion about 25 feet square suddenly lurched on its base and crashed its load of humanity to the water 30 feet below. The water is about 4 feet deep at this point.

Thousands of excursionists at the beach, many attending the annual outing of the Gavel Club and other Masonic Clubs, of Washington, rushed to the aid of the injured.

Low level of the water at this point is believed by rescue workers to have saved the lives of many. The men, women and children plunged into the bay were caught by broken planks and beams, but rescue work, swiftly organized and expertly directed, forestalled a panic and prevented loss of life. Within thirty minutes all who had been caught in the wreckage had been carried from the debris and water.

Emergency calls to Washington brought doctors and nurses. Two ambulances were dispatched, from the Emergency Hospital and two from Casualty Hospital. Reserves from the Ninth precinct were rushed with the ambulances to the railway treminal at Chesapeake Junction in this city. Special trains were put underway from Chesapeake Beach, bringing the injured to the District. Twenty were carried in the first special and about the same number in the second both bringing friends of the injured and physicians.

The ambulances carried the injured to hospitals, the serious cases being rushed to Emergency Hospital. while others were dispatched to Casualty Hospital. Many of those only slightly injured were brought to the city in private cars which carried their victims to hospitals and homes.

DRY OFFICERS RAID BARK; FIND 250 CASKS OF ALCOHOL

Boston, July 14.—Tacking a search warrant to the foremast of the bark Tiburton, in the absence of the captain to receive it, prohibition enforcement officers last night raided the vessel, whose mission has been a mystery since her arrival ehre from New York two weeks ago, and seized the cargo, which officials said consisted of 25,000 gallons of alcohol, valued at $275,000.

The prohibition agents found 250 casks of 190 proof alcohol aboard. It is possible, according to officials, that 5,000 gallons have been illegally landed, enough, it was said, to make 60,000 gallons of liquor. The officials added that they had proof that a portion, at least, of the cargo had been landed illegally.

In New York, from which port the Tiburton sailed for Boston, her destination was given as "Crand Passa, West Coast Africa, via Boston. She was declared to have stepped at this port to complete her loading, supposedly to take on benzine and paving stones.

LEGION WILL FIGHT ON FOR COMPENSATION, COMMANDER SAYS

Indianapolis, July 14.—The American Legion will fight on for adjusted compensation without change in the provisions of its present program following the message, of President Harding to the Senate urging delayed action, John G. Emery, Legion national commander, said in a statement issued from national headquarters here late yesterday afternoon.

Teh sudden alarm which apparently has swept over Government officials lest through adjusted compensation the United States Treasury be so depleted as to mean national calamity, will cause no recession of our activity to bring about such measure of civil re-establishment and material readjust ment as we believe to be for the best interest of the country itself." Mr. Emery declared.

FIVE NEW TEACHERS CHOSEN BY BOARD

Election of Principal Is Deferred by School Trustees

FLAGS FOR SCHOOLS

All Buildings to be Furnished With Flags and Poles—Repairs to Buildings Authorized

Teachers were elected for the ensuing school term by the city school board at its meeting last night, Most of the former teachers were re-elected and in addition five new teachers also were chosen as follows: Mrs. Helen Springman, Miss Anna Adams, Mrs. E. W. Jones, Miss Eddie Dickert and Miss Minnie Brock.

The election of a principal for the high school was deferred.

After a discussion on the question of erecting flag poles and providing flags at the various schools the board authorized the committee to provide the necessary flags and poles for all of the schools.

The necessary repairs to buildings, including the purchase of desks and the repair to furnaces was authorized. The committee also was authorized to obtain bids for the purchase of coal for the schools.

There were present at the meeting Dr. S. B. Moore, chairman; Messrs Edward S. Leadbeater, Charles E. Tennesson, Gilbert J. Cox, Dr. Llewellyn Powell, Ashby Bladen, James Bayne, T. Colbert Perry and Superintendent W. H. Sweeney.

COST OF AID TO DISABLED VETERANS SNAG TO BILL

Washington, July 14.—The Sweet bill to provide more adequate and efficient relief for disabled veterans was halted by a new set of hurdles when it reached Senate finance committee today with a favorable report from the Smoot sub-committee.

Some members of the committee expressed astonishment at the probable cost of the bill, which Senator Smoot predicted, on the basis of official estimates would run close to half a billion dollars annually.

Although the committee seemed to be unanimous in its desire to afford every facility for the care and treatment of disabled veterans there was nevertheless a disposition to inquire more carefully in Section 13, which is designed to liberalize the present compensation law. Estimates of the probable increased expenditure called for to carry out the provisions of this section vary, but Senator Smoot thinks it will be close to $350,000,000 annually.

President Harding's denial that the Government had neglected its disabled defenders and particularly his statement that 6,00 0available beds in Government hospitals are now unoccupied were sharply challenged in the Senate today by Senator Walsh, of Massachusetts, a member of the special Senate Committee investigating the treatment of former service men.

State Managership.

The Gazette, in its editorial columns on June 23d, took occasion to discuss a possible analogy between the comparatively recent city manager idea and a state manager. It called attention to the fact that the administration of municipal government by a city manager was now in force in more than 150 cities in the United States and rapidly augmenting the number of its converts. It emphasized the fact that the city of Staunton was the first city in the world to adapt the system. It made the claim that the election of Senator E. Lee Trinkle as the next governor of Virginia, almost a certainty, would be identical in principle with the appointment of a city manager, and that Virginia could claim the honor of being the first state to apply to both municipal and state administration the theory and practice of business management. The Gazette then announced that it would claim the honor of the first announcement to the world of the extension of city managership to state managership by the Old Dominion.

Now comes the New York Sun, and says: "Down in Virginia, State Senator E. Lee Trinkle, who will almost certainly be the next governor, is basing his candidacy upon the state manager idea. Mr. Trinkle, a man of unusual experience and ability, promises to give the Old Dominion the same efficient administration that a big corporation would expect from its president. He is carrying into the State government the experiment which has already been worked out successfully in the City Manager plan."

Can it be that the New York Sun has read the Gazette editorial? The identity of thought is striking and the similarity of expression equally marked.

The Gazette claims priority of utterance, however, if not of thought.

Booster Excursion.

In one of our recent editorials we made mention of the annual excursion of the business men of Washington into foreign territory on what they call "Boosters' Trips." We ventured to suggest to the Chamber of Commerce that a similar plan might not prove bad for Alexandria. The Advertising Club of Alexandria, with its usual energy and lively enterprise has taken up the idea, and sometime just before the next Dollar Day celebration, for which our city is becoming famous, proposes to organize a Boosters' trip into Alexandrian territory. The plan, so far as we have heard it, seems admirable. The meeting of the Advertising Club on Monday next, July 18, will take up the matter in detail and a full attendance and soul-stirring occasion are confidently expected.

We shall have a full report of the meeting in the Gazette on Tuesday.

NERVOUS, IRRITABLE, AILING WOMEN

Mrs. Britten Tells How She Was Restored To Health After Suffering for More Than A Year.

Another Triumph for Lydia E. Pinkham's Vegetable Compound

Dimondale, Mich.—"I had inflammation and a displacement and weakness, and it had been neglected so long that it caused great pain, and this affected my mind and nerves so that I was very irritable. I had severe pains every month, so that I was often obliged to lie in bed for two days at a time. I suffered for more than a year before my friends said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I purchased one bottle after another until I had taken ten bottles, then Lydia E. Pinkham's Sanative Wash. I received so much benefit from this treatment that I am now able to do my own work."—Mrs. W. D. BRITTEN, R. No. 2, Dimondale, Mich.

Another Michigan Woman says:

"I was bothered for a long time with female troubles and was so nervous I felt almost afraid at times. I also had a pain in my right side and was certainly in a bad way. Lydia E. Pinkham's Vegetable Compound has relieved me of these nervous feelings and pains and I am much better in every way. I don't know just how many bottles I have taken, but I took it for nearly a year and it has done me a world of good."—Mrs. JESSIE GRANGER, R. No. 8, Box 51, Kalamazoo, Michigan.

Good health is a woman's greatest asset. With it she may be the inspiration of her husband, a happy mother, and the life of the home. Without it she suffers agonies herself, household duties are a burden, and her family is made miserable by her condition.

Is it any wonder that these women were nervous and irritable after suffering so long from such deranged conditions? Such ailments act directly upon the nerves, and it has been said that a large percentage of nervous prostration, nervous despondency, "the blues," and nervous irritabilty of women arise from some derangement of the female organism.

If women who are in this condition would only profit by the experience of others and take Lydia E. Pinkham's Vegetable Compound at once, much suffering and unhappiness would be averted, as everyone knows a nervous, irritable, ailing mother makes the home unhappy and her condition irritates both husband and children.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

MONEY IN 'HUBBY'S' JEANS IS RIGHTFUL PREY OF THE WIFE

Riverhead, L. I., July 14.—The old common law permitting a wife to frisk her husband's pants pockets and taking anything she can find, has been upheld.

Mrs. Thresa Marabella, who took $10 out of her husband's jeans and went to New York and had a good time on it, has won her appeal from a sentence of four months, and has been released.

The married women of Suffolk County contributed to the expense of fighting the case of Theresa.

JURY VISITS VICTIM'S GRAVE; DEFENDANT WANTS NEW TRIAL

Lafayette, Ga., July 14.—Because the jury which convicted James Douglass, young mountaineer, of the murder of Sheriff A. G. Catron, went to the grave of the dead officer and prayed for divine guidance, and thereby winning over four jurors who were standing out for a life sentence, counsel for Douglass have petitioned for a new trial, and Judge Moses Wright has set August 20, or fifteen days beyond the time fixed for the execution for a hearing.

Sheriff Catron was killed on May 29, when he and a posse approached an automobile standing on the side of Lookout Mountain in search for whisky. Douglass admitted the killing on the stand, but declared that he did not know that Catron was an officer. The jury which tried the cases could not agree, and it was then that the visit was made to the sheriff's grave, a proceeding which is declared unusual by counsel for Douglass.

NOTICE

FREIGHT CAR BURGLARIES IN 1920 COST $25,000,000

New York, July 14.—Police officials of the leading railroads of the country met here yesterday in executive session and discussed plans for preventing the spread of the car burglary evil, which has resulted in $25,000,000 worth of goods being stolen last year.

Reports submitted to the meeting which was held by the protective section of the American Railway Association, disclosed that $106,000,000 worth of claims were filed against the railroads of the United States for freight losses of all classes each year, of which mroe than 20 per cent was due to car robberies. The principal losses, it was said, were in silks, automobile supplies and accessories and tobacco.

When you think of the APEX consider not only how it saves your time and strength in cleaning carpets, but remember its hundred other uses.

The APEX would be worth its weight in sterling silver if used only for cleaning furs and clothing, for removing dust from picture mouldings and frames and fire places, from door and window casements, from steam and furnace radiators, from closet floors and shelves, from behind the bath tub, from draperies, curtains and portiers, from inside the piano and for cleaning and aerating pillows and mattresses—doing any cleaning task in a fraction of the time and with none of the physical effort required by brooms, brushes, feather dusters and dusting cloths and by destructive beating and shaking.

ALADDIN
SECURITY OIL
STANDARD OIL COMPANY

For a juicy, brown roast—evenly done

AND when you decide to bake or stew you'll be able to do either on a New Perfection Oil Cook Stove—with the least possible trouble. All the heat you want for any kind of cooking is ready in an instant. No waiting for the coal fire to "come up".

The white-tipped New Perfection flame produces quick, clean heat and the long blue chimney drives it all up to the cooking utensil or oven. All the heat is used to cook with. None of it is wasted in the form of soot on your pans; only a negligible amount is radiated about the kitchen, which makes for comfort, even on warm days.

Then, too, the three million and more housekeepers who use New Perfections are not bothered in their kitchens with coal, ashes, dust, wood and litter. And they know what a saving of time and labor that means.

The New Perfection is sturdily built throughout, is equipped with brass burners and will last for many years with ordinary care.

For best results use clean, pure Aladdin Security Oil—it's economical—for it's all heat.

New Perfection Oil Cook Stoves are sold at most department, furniture and hardware stores.

New York Sun Lauds Trinkle For Governor

The New York Sun, one of the few big National Newspapers that makes a study of State questions and offers constructive criticism, has this to say about Senator Trinkle.

"Down in Virginia, State Senator E. Lee Trinkle, who will almost certainly be the next Governor, is basing his candidacy upon the State Manager idea. Mr. Trinkle, a man of unusual experience and ability, promises to give the Old Dominion the same efficient administration that a big corporation would expect from its President. He is carrying into the State Government the experiment which has already been worked out so successfully in the City Manager Plan. All this shows the trend of the times. The nation feels keenly the weight of taxation, and governmental waste, whether national or State, will not be tolerated."

WOMAN'S FATHER AND BROTHER KIDNAP HER BABY AFTER FIGHT

Philadelphia, July 14.—Mrs. Frank Rogers, of Media, who had been separated from her husband, Frank Rogers, decided last night to try and patch matters up in a domestic way. She telephoned her hsuabnd at his home, and the pair, with their baby, went to a movie and later started for the home of Charles Keiser, Media, her father. Everything ran smoothly until the car reached Folsom. And there, George Muckle, an admirer of Mrs. Rogers, got on. Muckle smiled broadly at Mrs. Rogers, but the smile froze when he saw Rogers, talking to her with an air of proprietorship.

He, therefore, regarded Rogers as a trespasser. Approaching Rogers threateningly, he demanded to know what he meant by paying such court to Mrs. Rogers.

"She happens to be my wife," Rogers said, and invited Muckle off the car.

The fight was shorter than the recent argument at Jersey City. When it was over Muckle bore many souvenirs, it is said.

Mr. and Mrs. Rogers then went to the home of Rogers, on Naudain street. They were gladly welcomed by John Rogers, father of Rogers. The family had barely retired for the night when there was a knock at the door.

John Rogers opened the door. There stood Charles Keiser, father of Mrs. Rogers, and his son, Amos Keiser.

"I want my daughter and her baby," demanded Keiser.

"Rot!" said Rogers, and he slammed the door.

But the Keisers were determined. They put their shoulders against the door and forced it open. The crash awakened Rogers and his wife. They ran to the aid of Rogers, Sr.

Rogers and son engaged in battle with Keiser and son. It was in the dark. Taking advantage of the darkness, Amos Keiser, it is said, ran upstairs and got the baby. He and his father then left the house with the child.

Charles Keiser and Muckle were later found at a house in West Philadelphia, But Amos Keiser and the baby had disappeared, Muckle and Keiser were arrested and charged with assault and battery and kidnapping, and an additional charge for forcible entry was made against Keiser.

Taxation Sales

Matter Discussed by Executive Committee of the Chamber of Commerce

In addition the committee discussed other matters of importance to the membership of that organization after which it adjourned till September.

JUDGE WARNS WOMEN HE MAY HAVE THEIR TEETH PULLED

Chicago, July 14.—"If you women come into this court again, I'll have your teeth pulled. Go and sign a peace bond."

So Judge J. H. Haas, in police court yesterday, settled a dispute to which bit the other first, Mrs. Emma Seymour or Mrs. Lucille Arsenaux, both living at the same address.

"Looks to me like a free for all." commented Judge Haas after each women had bared injured shoulders to show the teeth marks of the other.

AGAINST PROPOSAL FOR DOUBLE PARLEY

(Continued from page one)

first was merely a proposal for conference in Washington to consider the limitation of armaments. This was received, it is said, with genuine satisfaction by Japanese statesmen and would have been favorably responded to forthwith, if within 24 hours the Tokio Government had not received the second installment, this being a proposal that Pacific issues be included in the deliberations of the conference.

The Japanese failed to see just why such Far Eastern questions as Shantung, Yap, Saghalien Island, Siberia, trans-Pacific cable communications and the Anglo-Japanese Alliance should be dragged into a disarmament conference and Russia, Turkey, Germany, Austria, Dalmatia and other problems of even greater importance should be left out

The whole business, from the Japanese standpoint, has a suspicious aspect, a fact accentuated by the bringing of China into the deal. The Chinese, it is argued by well informed Japanese, are deliberately and systematically fomenting discord, among the powers. They are propagandizing, and it is contended against a renewal of the Anglo-Japanese Alliance.

HARVEY SHOCKS BRITONS BY PLAYING GOLF SANS COAT

London, July 14.—Ambassador Harvey, who first jolted British conventions by wearing a top hat while riding in a flivver in Hyde Park, hit them another wallop yesterday by playing golf without a coat because of the heat wave at the Hanger Hill course.

British golfers, who cling to their heavy golfing jackets in all weathers, looked partly envious and partly disapproving, but none followed his example. Colonel Harvey is now wonderful whether the Foreign Office will complain to Washington, demanding his recall.

"MY HEAD NEARLY CUT OFF," MISSING MAN WRITES WIFE

Pittsburgh, July 14.—Mystery surrounds the disappearance of Bernard Shoaf, aged 29 years, a butcher, of Greenville, Pa., who left home Sunday afternoon for this city to purchase an automobile. Shoaf's brother and brother-in-law arrived in the city today from Greenville and conferred with officers in charge of the missing person's bureau.

Shoaf wrote a letter to his wife in which he declared that he was being held a prisoner in this city by a band of thieves. "My head is nearly cut off and the thieves threaten to throw me into the river," Shoaf states in the letter to his wife.

The letter, which Shoaf's brother had with him, stated that the thieves were permitting him to write a farewell letter to his wife before his end came.

According to Shoaf's brother, Shoaf as far as he knew, had no financial troubles and that he and his wife were always happy. "He never quarreled with his wife and when he departed for this city he was in a happy mood."

According to the brother, when Shoaf left Greenville he had considerable money in his possession, and that after purchasing the automobile here was to immediately return to his home. Shoaf is the father of five children.

VIRGINIA NEWS

Danville, — James Allen, a negro fugitive from the city chain gang was killed by train No. 128 between midnight and 2 o'clock this morning on the outskirts of the city.

Virginia Beach—More than 1,500 delegates are in attendance at the Virginia Beach Baptists summer encampment and training school for church officials and workers. From 9:30 to 12 o'clock each morning is taken up in class work activities with the faculty of more than 30 instructors, including professors from the seminaries and colleges and officers of the Southern Baptist convention.

Richmond—Bathing in the James river, above the intake for the city's drinking water supply, will cost fines of from $2 to $25, according to regulations adopted yesterday by the Mayor's advisory board, sitting as the board of health of the city of Richmond.

Petersburg,—The architects of the city have unanimously denounced the action of the library board of the war memorial commission in awarding the $2,000,000 contract to John T. Wilson without competition and without an architect, as shown by a resolution just passed.

Richmond—Irish leaders of Richmond, generally are pleased at the London conference for a truce in the Irish situation. Most of them refused to talk for publication other than to express approval,

Richmond—John D. Camp, a one-legged man, 34 years old, was arrested yesterday at Keysville, in Charlotte county, and brought to Richmond on suspicion of having murdered John A. Minson, an aged watchman, in a shanty near the Tredegar sand wharf on the James river the night of January 8, 1921.

Lynchburg—Salaries of Yynchburg public school teachers were increased ten per cent by the city school board in session yesterday afternoon, effective as of February 1, 1921. The increase, it is estimated will add from $16,000 to $18,000 to the payroll of the teachers. The increase applies to all teachers except those who became members of the staff after January 1.

Richmond—Cabbage and potato growers of Smyth and Wythe counties are now operating a full fledged co-operative marketing association, it was announced today by J. H. Meek, director of the bureau of markets of the state department of agriculture.

HOPES OF YUKON WETS DAMPENED BY U. S. ORDER

Dawson, N. T., July 14.—The enthusiasm of the wets in the Yukon over the big vote on Monday in favor of importation of liquor for beverage puropses was dampened today when it was learned that the United States already had enforced an embargo on all liquor shipments through its territory. All transportation routes into the Yukon cross American territory in Alaska.

HEALTH

---It's dependance upon proper food
Discrimination is essential.

To be well and strong the system must be properly nourished. We must eat those things which contain the muscle-building and blood enriching elements---and we should choose carefully for purity as well.

Bread is the "staff of life" only if it contains the maximum of nutrition.

CORBY BREAD

is as nearly the perfectly balanced food ration as science and skill can make it. Every ingredient is selected for purity and quality. In addition unusual quantities of rich milk are added to the formulas to increase the nutritive value. The CORBY doughs are mixed by the CORBY patented process, which alone insures the development of ALL the gluten content of the flour--again INCREASING the nourishing quality of CORBY BREAD.
Very surely is CORBY BREAD

100 Percent Pure, and
100 Percent Nutritious

It is THE bread the youngsters should eat because it supplies the qualities their growing bodies require.

CORBY BREAD is made right here in Alexandria, and delivered fresh from the ovens to your grocer or delicatessen.
